### THE ESDCTA DRESSAGE CHAMPIONSHIPS ANOTHER GREAT SHOW

By Terry Masters

This year's dressage championship show proved to be yet again, another wonderful event with entries in every division from Into Walk-Trot to Prix St. Georges. What a showing!! The competitors worked hard all season training and showing in order to perfect their skills and qualify to enter. And all of this hard work was evident in the performances we watched.

Entries were dominated by the Adult Amateur and Junior divisions, with juniors accounting for 60 rides, which is the largest number of junior rides ever. This strong interest shown in dressage by the juniors proves that our sport has a very bright future.

It's always a pleasure to be able to offer this special members-only championship to celebrate and reward our members' efforts. Rounding out the competition were exciting mounted awards ceremonies and a delicious luncheon. High spirits weren't dampened by the afternoon rain storm, and the parties and celebrations continued throughout the stabling and trailer parking areas.

A special thank you from ESDCTA goes out to the sponsors supporting the show: Skylands Saddlery, NJ Equine Imaging, Amy Peterson, Jersey Palms Farm, and Olympia Farms.

Congratulations to all the riders who placed in their classes. Below are our 2014 Champions.

### PRESIDENT'S MESSAGE

Fall is my favorite time of year! As the leaves turn and it's easier to sleep at night with the windows open, it's also a time to reflect on the past show season. ESDCTA had a wonderful. well-attended Championship Dressage show. The weather was perfect. I heard nothing but positive comments about the show

and may I say, the club as well! A big thanks to EVERYONE who made the show a success.

We are looking forward to the Horse Trials and the Eventing Championship, I wish them the same success.

Fall is also a time to renew all of your memberships and start thinking about sending in your yearend award forms. Debra and Lynette and their committee are busy making plans for a great party! The USDF Convention is in Boston this year, which is an easy drive, so try to attend! It is for everyone.

We have some great things planned for the end of this year and beginning of 2015, including another Anne Gribbons clinic, a Freestyle Clinic, Learn the New Tests and a Gary Rockwell clinic. I hope to see you all there either riding or auditing; you can learn so much!

The Club will also see some changes, all of which you as members have asked for, such as the return of the printed Omnibus. (Nice to see my old friend back) We will be adding Intro classes to most of our shows and there may be some other changes that I will keep you informed of. All of these are for our club to be more inclusive and fulfill everyone's needs.

So for now enjoy the wonderful Fall weather that the northeast coast brings, get the blankets out, and see you soon! Remember, please feel free to contact me with any issues or concerns.

We, the Board are here for YOU!

Respectfully,

Dr. Lisa Toaldo

The ESDCTA/Skylands Saddlery
Education Series will host another
lecture soon. Keep checking this
space for more information.
Make sure to bring your friends!
Light refreshments will be served
and ESDCTA members will receive
a 10% discount to use that night.
Come for the knowledge, stay
for the fun of interacting with a
group of like-minded people, and
leave with some new stuff for you
and your horse.

### ESDCTA Statement of Purpose

Eastern States Dressage and Combined Training Association (ESDCTA) was founded in June 1969 and incorporated in 1970 as a nonprofit educational organization under the laws of the State of New Jersey. ESDCTA with membership open to all interested in dressage and combined training, has the following stated purpose:

"Whereas it is the desire among many equestrians in the United States to foster and stimulate interest in dressage and eventing in the hope that this may ultimately benefit the United States Olympic Team in its international competition, this organization is established as a nonprofit educational organization."

Its further purposes are to foster and stimulate interest in dressage and eventing in general, to educate, conduct clinics and hold dressage shows and combined training events.

### ...Continued from page 1

Our club relies on the strong commitment from our members who volunteer to set up the show grounds, help staff the event on show day and help take down and pack up afterwards. No horseshow would be possible without this small army of wonderful people who work so hard to make it possible.

Our Dressage Championship volunteers included:

Dennis Reese, Elaine Landy, Jan Kalafat, Kim Coleman, Ann Schneider, Ellen Brindle-Clark, Jessie Clark, Anne Cizadlo, Tammy Purdy, Marilyn Murray, Tara Kollmyer, Lynette McMoran, Eva Karkas, Kristy Dickinson, Daniella Corrente, Marion O'Conner, Molly Moon, Judith Stratton, Lisa Teresa Mauriello, and the entire show committee: Lisa Toaldo, Beth Ann Adams, Keith Adams, Carol Conner, Ruth Munroe. A special note of recognition needs to go to Nancy Frenick for designing the lovely show program, as well as to Susan Stickle for providing the cover photos.

THANK YOU, THANK YOU .....all.

# What is Veterinary Thermal Smaging? NJ EQUINE IMAGING

Is your horse just not felling right? Does he just feel off? He's not lame but just uncomfortable, and you just don't know why? These are questions that every horse owner asks at one time or the other and then struggles with the decision, "should I call the vet? Maybe it is just an abscess or bruise?" It's situations like these, that cause us so much indecision, but now there is a way to identify these pesky non- "specific" lameness issues, that seem to drive each and every one of us buggy! It's called Equine Thermal Imaging.

Thermal Imaging is a noninvasive diagnostic technique, which uses a thermal Imaging camera with a heat sensor to measure the heat emissions from a horse's body. Using a thermal imaging camera, a certified technician from NJ Equine Imaging, takes images that record the temperature variations and displays the heat differences that are illustrated by using a rainbow pattern, blue to white indicating the difference in temperatures. Essentially, what can be seen is the various temperature changes throughout the entire horse's body that may be indicative of an existing injury or one that is about to occur in the horse's soft tissue or joint. After the images are taken, the NJ Equine Imaging Technician prepares a report and interpretation of the images for the client that can be shared with the client's healthcare team to strategize treatment, to determine if additional diagnostic testing is required, or discuss therapeutic treatments.

Thermal Imaging is a qualitative application, meaning that the imager will compare similar body parts, to identify areas of interest. Although the technology is not new, the application is. Thermal Imaging is an innovative technique to gather information that can actually be used to predict if an injury is about to happen, or be used to medically manage an existing condition. The information obtained can be used to start a treatment or rehabilitation process sooner, which may ultimately decrease potential downtime associated with the injury, saving you valuable time and money.

Because the thermal imaging camera is able to detect changes down to 0.1 degrees C, it is far more sensitive than the human hand and is extremely accurate. In addition to heat, the camera will also identify cold areas. Heat or inflammation is generally a result from hemorrhage, external or internal trauma, tendon or joint inflammation, and/or infection. Conversely, cold may be seen as an indication of decreased circulation, nonactive swelling such as edema, or in the presence of obstruction of blood flow or dense scar tissue.

Thermal imaging can also be used as a preventative tool for pre- and post-season evaluation, monitoring of an existing condition, or to determine correct saddle fit. NJ Equine Imaging does not diagnose injury/illness but provides visual data to address the cause of potential injury/illness. It is always recommended that consultation with your veterinarian be done. NJ Equine Imaging has the ability to send the imaging report to their on-staff veterinarian, who is trained in Thermal Imaging and who can communicate with your treating veterinarian regarding the results, if requested. Thermal Imaging is extremely time- and cost-effective and available to all. A Certified NJ Equine Imaging technician will come to your barn or show to image your horses, which takes about 30 minutes to image the whole horse; no equipment, trailering or complicated preparation is needed. Because Thermal imaging in noninvasive, drug- and radiation-free, it's safe for the horse and handler and images are immediately available for review in real time with the owner/trainer or heath care professionals, and they can be downloaded on site to discuss the findings and treatment strategies. F or more information or to review actual cases follow them on facebook.com/NJEquineImaging or www.NjEquineImaging.vpweb.com or contact them directly at 609-969-2569.

# Well done!

### HORSE TREATS by Meredith Rogers

As we play in our sandbox or gallop through our green pastures, we sometimes forget that not everyone rides in the same saddles that we do, wears the same

clothes, or has the same goals. Horse people come in all varieties, but the love of the equine binds us all, as the story below illustrates.

A group of 30 nuns of the Franciscan Poor Clares order fled Cuba in 1959 when Fidel Castro took over and landed in Corpus Christi, Texas, speaking no English. As part of their show of faith they vowed a life of poverty and sought to be self-supporting. To make ends meet at their monastery, they made communion wafers and raised birds and Persian cats. Due to their reputation as animal lovers, someone made a donation in the form of two miniature horses.

Those two horses inspired the nuns to expand, and until recently, they had a herd of approximately 80-100 miniature horses on a 98-acre ranch in Washington County, Texas, where they gave tours around their rigid prayer schedule. Many of the horses had been competitive at American

Miniature Horse Association shows throughout the Southwest. However, as of May 2011, the farm was sold and the horses sold off. The nuns continue to embrace nature as part of their calling, and I'm sure their affection for their miniature horses remains in their hearts.
